

Component list table with columns for Reference Designator, Designation, and Value. Includes entries for capacitors (C100-C199), diodes (D100-D199), resistors (R100-R199), inductors (L100-L199), and ICs (IC1-IC9).

Terminal list table (Terminals 1-8) with columns for Name, Color, and Destination. Includes connections for SW (M), PLL Unit, Digital unit, LPF Unit, and Final unit.

Terminal list table (Terminals 9-16) with columns for Name, Color, and Destination. Includes connections for PLL unit, Signal unit, AT unit, Power supply unit, and Signal unit.

Terminal list table (Terminals 17-26) with columns for Name, Color, and Destination. Includes connections for SW (C) PRO SW SB, SW (C), SW (A), PLL Unit, and SW (K).

Terminal list table (Terminals 27-36) with columns for Name, Color, and Destination. Includes connections for IF OUT terminal, PHONE jack, and SW (M) NB2 SW.

Terminal list table (Terminals 37-46) with columns for Name, Color, and Destination. Includes connections for PHONE jack, SW (M) NB2 SW, and SW (F).

Terminal list table (Terminals 47-56) with columns for Name, Color, and Destination. Includes connections for PHONE socket, REMOTE socket, X VTR socket, and SW (H).

Terminal list table (Terminals 57-66) with columns for Name, Color, and Destination. Includes connections for SW (A) MODE SW S10-5, SW (I) MONI SW S4, and SW (I) MONI SW S4.

Terminal list table (Terminals 67-76) with columns for Name, Color, and Destination. Includes connections for PLL unit, RF unit, X VTR jack, and Final unit.
